Focus: Baptism

One of the greatest blessings while working in missions is participating in a baptism service. Eight people from the Church of God in Angola located in Viana Km-9 made the decision to be baptized (14 Aug 2011).

Baptism Service by the Atlantic Ocean

They went through six months of preparation and Christian education to learn what it means to accept Jesus as personal savior as well as receive baptism.

They learned about the doctrine of the Church of God, holiness in living for God, as well as the Bible as God's word to mankind.
